- Use glass shelves or plates to create raised food displays.

6.5" x 6.5" x 4" Riser	\$6.00
7" x 7" x 8" Riser	\$7.00
10" Round Bread Basket	\$6.00
12" Square Tray	\$10.00

### Zig Zag

- Square silver enameled design.

- Use glass shelves or plates to create raised food displays.

6" x 6" x 7.5" Riser	\$6.00
6" x 6" x 12.75" Riser	\$7.00

### Glass

63oz Square Clear Bowl	\$4.50
6.25" Fluted Glass Bowl or Crescent Bowl	\$3.50

- Display bowls that fit together when used as a set.

Clear Shelves for Risers	\$6.00-20.00
--------------------------	--------------

- Many sizes and shapes, please inquire.

### Ceramic

10"x14" White "Bistro" China Platter	\$4.75
10.5"x16" White "Bistro" China Platter	\$6.25
14"x20" White "Bistro" China Platter	\$10.00
12" Round White "Castle" China Bowl	\$6.25
9" Round White "Castle" China Bowl	\$4.25
14" Canoe White "Castle" China Bowl	\$5.00
Three-tier "Castle" Plate Stand	\$12.00

- 27" tall, enameled silver toned stand.

- Includes a 10.5", 8.25" and 6" china plate.

14" Teardrop Bowl, 42oz	\$5.25 each
12" Teardrop Bowl, 24oz	\$4.50 each

### Plastic

Serving Bowl, 9" to 26"	\$3.00 to \$7.00
-------------------------	------------------

Melamine 13" Round or Square Passing Tray	\$10.00
---	---------

- Available in white or black heavy plastic tray.

### Cake Stands

18" Square Silver Cake Plateau	\$60.00
--------------------------------	---------

24" Round Gold Cake Plateau	\$60.00
-----------------------------	---------

18" Round Diamond Cake Stand	\$60.00
------------------------------	---------

Cupcake Stand	\$70.00
---------------	---------

- 4 tiers: 10", 14", 18" & 22" diameter.

Holds 150 cupcakes

Standing Cupcake Stand	\$150.00
------------------------	----------

- 60" tall with stand, 4 tiers: 12", 14", 18", 21" diameter.

Holds 150 cupcakes

### Bread Baskets

10" Round Copper Link	\$6.00
-----------------------	--------

8" Round Aluminum Wire	\$3.60
------------------------	--------

8"x10" Oval Gold Wire	\$6.00
-----------------------	--------

8"x10" Oval Silver Wire	\$4.50
-------------------------	--------

4.25" X 15" Italian Wicker	\$1.50
----------------------------	--------

9" Round Italian Wicker	\$2.05
-------------------------	--------

10" x 15" Italian Wood with Handle	\$8.25
------------------------------------	--------

### Bussing

# tenting guide

---

Lasting Impressions offers a variety of tent sizes and styles to accommodate every type of event. Our sales staff will gladly help you choose the style and size of tent to suit your needs. Below are some guidelines to consider.

1) Size - Maximum seating can be accomplished by using 72" round tables or making long rows of banquet tables. Here are a few space requirements to be used when determining the size of a tent.

Cocktail Party (standing)	5-6 sq. feet per person
Cocktail Party (some seated)	8 sq. feet per person
Dinner Seating	10-14 sq. feet per person
Theater-style Seating	6 sq. feet per person
Classroom Seating	6-8 sq. feet per person
Dance Floor Size	2-4 sq. feet per person
Stage for a band	at least 10 sq. feet per person
Bar	50-100 sq. feet
Buffet	at least 100 sq. feet

2) CAD Design - Our sales staff can make a CAD drawing of your event showing seating, buffets, dance floor, etc.

3) Style - The style of tent used will be based on three factors -- appearance, space restrictions, and installation restrictions.

Pole Tents offer an open high-peaked dramatic look. However, the interior layout must consider the center poles. Also, Pole Tents must be setup on level ground and must have five additional feet on each side for staking.

Frame Tents can fit into tight spaces because stakes can be placed near the frame. Water barrel weights can sometimes be used where staking is not available. One Frame Tent can be easily attached to another to add room for buffets, bars, and entrance ways.

Future Track Tents combine the best features of both the Pole Tents and Frame Tents. Future Track Tents offer high ceilings, have no center poles, and can fit into tight spaces. Also, Future Track Tents can be gable-ended to allow maximum height throughout the entire tent; this can be helpful when a stage needs to be put at an end of a tent. The ability to withstand a higher wind load makes this tent ideal for longer installations.

4) Site Inspections – If necessary, a representative from our tent crew will visit your site to make sure the tent you have chosen can be installed. We look for obstacles which could prevent the proper installation of a tent. A site inspection fee will be collected prior to our visit, and is generally applied towards the tent rental, once a reservation is made.

5) OUPS - Lasting Impressions will contact the Ohio Utilities Protection Service to mark all underground utility lines. The utility companies will mark their lines; however, it is the land owner's responsibility to mark all private lines, including sprinkler systems. There is no requirement to be present when the lines are marked. We prefer if the area to be tented is clearly marked with white flags or paint. If you have any questions regarding OUPS marking, please visit their website at [www.oups.org](http://www.oups.org).

# tents

Our pricing for tents, except for Pop Up and Over the Counter Tents includes the cost of setup and teardown during regular delivery times. Additional delivery charges will apply to all orders based on location, and further charges may be included for setup and/or teardown outside of normal delivery times, site specific/custom installation, and/or exceptional locations. Please call our sales office for pricing and assistance determining the right tent for your event.

## Frame Tents

Frame Tents differ from Stake and Pole Tents because they rely on an aluminum frame for support rather than using tension. This eliminates the need for center poles. Frame Tents are also more adaptable, especially in site-specific installations where staking is not permitted. In these cases, Frame Tents can be used with water barrel weights\*. (\*Water barrel weights do not provide the same holding power as stakes. All tent manufacturers state that they are unsafe for securing tents. For this reason, Lasting Impressions Event Rentals strongly discourages the use of water barrels for any installation except when necessary.)

We offer Frame Tents in many sizes, including widths available in 6', 8', 10', 12', 15', 20' and 30' and lengths to fit virtually all events.

## High Peak Frame Tents

These tents feature the latest technology of tensioned membrane design. The tightly tensioned top is supported by an underlying mast on an aluminum frame.

This contemporary look is available in 10'x10', 10'x20', 15'x15', 20'x20', 20'x30' and 40' diameter Hexagonal tents.

## Track Tents

Our Track Tents are a hybrid of a Clearspan and a Frame Tent. The tops of these tents slide through an aluminum frame providing a tight, structured appearance. They are also gable-ended for a more open ceiling and roof line. This tent is ideal for large high-end events and long-term installations.

We offer Track Tents in 20', 30', 40', and 50' widths. The lengths are created by 10' or 15' bays that combine to create the perfect size for any size event.

## Clearspan Tents

The strong construction of the Clearspan tent makes it suitable for large or long-term events. The framework of the Clearspan provides maximum unobstructed interior and perimeter space. Similar to the framework of a track tent, box beam arches support the roof without the use of centerpoles. Sidewalls, glass doors and windows can be used to create the feel of a permanent structure. Widths available: 15 meter, 18 meter, 20 meter, 25 meter and 30 meter.

## Traditional Pole Tents

Traditional Stake and Pole Tents rely on interior poles that support the pitch. For this reason, Traditional Stake and Pole Tents must be staked into level ground and are always erected with one or more interior center and/or quarter poles. Our Traditional Stake and Pole Tents are striped and ideal for festivals. Widths available: 30', 40', 60' and 80' with variable lengths

## High Peak Pole Tents

The high peaks of these tents create open and striking ceilings for a more dramatic look. They also use minimal interior poles which allows for a more open floor plan. Widths available: Single Pole - 30', 40' and 60'; Twin Pole - 60', 80' and 100'

## Stillwater Pole Tents

The beautiful style of our Stillwater Tents is created with a round/oval tension top supported by finished wood center and side poles. The sailcloth style of the top of this tent allows natural light to pour through during the day, or the reverse at night. Widths available: 32', 44, and 57'.

## Pop Up Tents

Our Pop-Up Tents are engineered for a truly instant setup. To setup, hold one leg and pull it away from the others. This causes the frame to expand, rise, and properly align itself with reinforced strength. Pop Up Tents are held down with small stakes, sandbags or base weights. These tents are meant to provide shade only and are not designed for use in rainy or windy conditions. It is the customer's responsibility to take tents down when winds increase.

White, Blue, Green or Red 10'x10'	\$105.00
With weights	\$153.00

# tent accessories

---

## Decorative Options

Tent Flags, Available for the peaks of some tent tops.  
Tent Liner, A decorative addition to hide a tent frame.  
Side Pole Cover  
Center Pole Cover  
Rain gutters

- To be used between tents to help direct rain water away from walk ways.

## Weight & Staking Options

Water Barrel Weights

- For use in small installations where staking is not permitted.
- Adequate water source needed on site.

Water Barrel Covers

- Several fabric options available.

Water Ballast, 275 Gallon

- For use in large installations where staking is not permitted.

Concrete Block Weights

- Four sizes available.
- For use in large installations where staking is not permitted.

Concrete Weight Covers

Asphalt Plugs/Patch

- Fills holes created by staking tents in asphalt.

## Tent Lighting

Tent lighting can be both functional and decor oriented. Use par cans to add color and depth to a high peak pole tent. Café or Bistro Light Strands create the perfect drop style lighting for a romantic styled event. Chandeliers in several styles can add a touch of elegance or whimsy while lighting up any event. Simple globe lighting provides the cheapest lighting option and is attached around the perimeter.

We can help configure a lighting package that will fit your tent and theme perfectly. Please call a sales representative for a detailed quote.

## Safety Accessories

Fire Extinguisher

Emergency Exit Signs

- Signs are electric with battery backup.

Signage

- Printed signs available for 'No Smoking', Occupancy, and Fire Extinguisher placement

## Sidewall & Entry Options

Sidewall accomplishes several things. Protection from weather, including wind, rain or even snow. Blocking the view. And allowing the view to shine through.

Solid Sidewall

- Made with the same opaque, vinyl fabric that our tent tops are produced from.

Window or Cathedral Sidewall

- Made with clear panels shaped like windows surrounded by solid white.

Clear Sidewall

- Mostly clear with a small edge of opaque vinyl surrounding each panel.

We offer hanging sidewall in each style for use on most frame and pole tents. We also carry Keder sidewall which slides through a channel on the side poles of our Track Tents and Clearspans.

Solid Double Doors can be used in our Track Tents or Clearspans for a structured entry point.

Vinyl Doors create a defined entry point at a lower cost.

## Heating & Cooling

Heater, 80,000 BTU
